

Physical Education and Sport premium – 2014/15

Physical Education and Sport Funding

The Academy received £9,170 in physical education and sport funding during the academic year of 2013-14 and has been allocated £9,405 in 2014-15. The table below shows how the money was spent last year and has been allocated this year.

Activity	Expenditure		Rationale
	2013-14 £	2014-15 £	
Lunchtime sports activities	2252	4024	To encourage participation in structured games at lunchtime, sessions run Tuesday – Friday. Train and work alongside the mini leaders and lunchtime staff
Sports Competitions	1877	2012	The children benefitted from participating in the local schools competition that was established in 2013-14, the Head teachers chose to continue with this in 2014-15.
Physical Education and Sports interventions	4505	2012	Fitness session at KS2. Higher ability sports sessions and intervention sessions for pupils.
Sports Partnership	536	878	We have accessed a range of afterschool clubs from the Sports partnership including Gymnastics. We have participated in a range of competitions arranged by the Partnership including a Trampolining Festival, Basketball and Futsal. The children in Year 5 have completed Bikeability.
Cricket Club partnership	0	479	This year we have had the opportunity to purchase a package through the Derbyshire Cricket Club who will work with the KS2 children.
Total	9,170	9,405	

Impact on participation in PE and SPORT

Last year the children had increased opportunities to participate in competitive sports following a local competition programme that was established by the head teachers. The sports coach worked with the teams to prepare them for the competition each half term.

The children in KS2 had weekly Fitness Friday sessions, these focused on measuring the children's level of fitness in a particular area, working on key skills for a set period and then re-measuring their fitness.

The sport coach worked with specific groups of target children throughout the year.
